LYNCHPIN/GRENADE

January 24, 2026: This is what the Lord showed me. The removal of the lynchpins was the removal of the restraints that were in place. The grenades contain the seeds. Once the grenade has been detonated, it is impossible to re-confine its contents (the seeds). (Just like it is impossible to put all of the pomegranate seeds back into the shell of the pomegranate). Each of those "seeds" is like a nodule on an out-of-control vine. I began seeing a vine – an invasive vine. And on those vines are nodes. Every node produces roots that anchor repeatedly and advance relentlessly. Each node becomes a new root system and a new source of spreading. Those vines are all but impossible to contain or kill. They are all but impossible to control. There is no way to predict their spread and growth. Opposition does not deter their rooting and spreading. They will use walls, fences, concrete, rock, and every other obstacle to spread. They use the opposition as the structure for their growth. Once they begin growing, the work decentralizes. Each new root strengthens the whole network and makes removal exponentially harder. The vine even allows recovery if one section is cut. It just reroutes itself. Eventually, the territory no longer supports what used to dominate it.

John 15:1–8 (TPT) - *I am the true sprouting vine, and the farmer who tends the vine is my Father. He cares for the branches connected to me by lifting and propping up the fruitless branches and pruning every fruitful branch to yield a greater harvest. The words I have spoken over you have already cleansed you. So you must remain in life-union with me, for I remain in life-union with you. For as a branch severed from the vine will not bear fruit, so your life will be fruitless unless you live your life intimately joined to mine.*

I am the sprouting vine and you're my branches. As you live in union with me as your source, fruitfulness will stream from within you—but when you live separated from me you are powerless. If a person is separated from me, he is discarded. Such branches are gathered up and thrown into the fire to be burned. But if you live in life-union with me, and if my words live powerfully within you, then you can ask whatever you desire, and it will be done. When your lives bear abundant fruit, you demonstrate that you are my mature disciples who glorify my Father!

1. LYNCHPIN

Lynchpin (also spelled *linchpin*) comes from Middle English.

- Middle English: *lynspin* / *linschpin*
- Old English root: *lynis* or *linis*
    - meaning axle, axle-tree, or pivot
- Pin: a peg, fastener, or small bar used to secure something in place

Original, literal meaning: *A pin passed through an axle to keep a wheel from sliding off.*

A lynchpin is a small but critical pin or fastener that holds a system in place. Though minimal in size, its presence maintains stability, alignment, and restraint. When removed, restraint ends and a sudden, widespread release occurs.

When restraint is removed, what was already inside is what manifests.

2. GRENADE

Etymological Line

- French**:** *grenade*
- Spanish**:** *granada*
- Latin**:** *grānātum* / *grānātus*
    - from grānum = *grain, seed*

The word *grenade* literally means "seeded thing" or "many-grained object."

The weapon was named because it resembled a pomegranate—both in shape and function.

Before it was a weapon, "grenade" meant: **A single vessel containing many seeds, designed by nature to release abundance when broken.**

Why the Weapon Was Named "Grenade"

Early grenades (16th–17th century): Were round, were filled with pellets, nails, or fragments, and burst outward when detonated.

Just like a pomegranate - one outer shell, many seeds - when broken, contents scatter outward violently.

The pomegranate is *never* used biblically to symbolize death or destruction. It always points to life, fruitfulness, and contained abundance.

Containment precedes multiplication. A single vessel holds life. Released seeds create fields.

The word grenade derives from granum (seed) and granada (pomegranate). It represents contained multiplicity released suddenly when restraint is removed.

Removal of the lynchpin ends restraint, collapses corrupt systems, scatters Kingdom seed, and produces firestorm conditions.

What has been detonated and released cannot be gathered back up or re-contained. Just as a pomegranate cannot be returned to its sealed state once broken open, and seeds cannot be put back into a grenade once it is detonated, so what has been released through these spiritual grenades cannot be re-confined or restrained.

A spiritual grenade breaks open, scatters fragments, creates multiple points of contact, and cannot be recalled once released. Each fragment becomes a seed-capable event. And those fragments take root and begin doing their own work.

DECREES

We decree that the lynchpins of restraint have been pulled and the grenades carrying the seeds of spiritual firestorms have been detonated.

We decree that the seed-bearing spiritual grenades released by the Ekklesia across the nation and the nations of the earth have been detonated, releasing what was contained for such a time as this.

We decree that regions held in prolonged spiritual stagnation are now fields of promise where life enters and spreads.

We decree that the detonation of these seeds make room for repentance, awakening, renewal, revival, and reformation.

We decree that what is planted through this detonation shall spread beyond its initial point of contact.

We decree that spiritual firestorms emerge from these detonated seeds, creating conditions where resistance can no longer be sustained.

We decree that hardened ground is softened, and sealed ground is opened to receive what Heaven has detonated.
